

YOU'VE HEARD IT SAID

LifeGroups

Key things you heard

- Education is about more than just growing our knowledge—it's about growing our hearts.
- Two people can have the same opportunity, but if they don't have the same resources, there can be achievement gaps.
- No two people have the same set of choices or experiences, but education can level the ground for growth.
- Equality in education unlocks opportunities for everyone to flourish and thrive.

Pray: *God, we're ready to grow our hearts as we grow our knowledge. We want to have compassion for others like You do. Please use us to help unlock opportunities for others so that they can be exactly who You created them to be. In Jesus' name, amen.*
