

NEEDS OR WANTS ACTIVITY SUPPLEMENT

WEEK 3 • THE WOMAN AT THE WELL

Game adaptations if a kid in your group has a disability:

- Kids can remain seated to pat the ground for needs and wave their hands in the air for wants instead of doing push-ups or standing up and twirling.
OR
- The kid with a disability can help you say the needs and wants to the group.
OR
- The group can work together to decide if each thing is a need or a want, and you can omit the steps to do push-ups or spins.
